## INDEPENDENT AUDITOR'S REPORT

To the Board of Administration  
City of Los Angeles Water and Power  
Employees' Retirement, Disability and  
Death Benefit Insurance Plans

We have audited the accompanying statements of plan net assets of the City of Los Angeles Water and Power Employees' Retirement, Disability and Death Benefit Insurance Plan (Retirement Plan) and the Retiree Health Benefits Fund (RHBF), collectively known as the Plan, as of June 30, 2012 and 2011, and the related statements of changes in plan net assets for the years then ended as listed in the table of contents. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Retirement Plan and RHBF as of June 30, 2012 and 2011, and the changes in net assets available for benefits of the Retirement Plan and RHBF for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 3 through 18, the Schedules of Funding Progress on pages 52, 54, and 55, and the Schedules of Employer Contributions on pages 53 and 56 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statement in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements of the Retirement Plan and RHBF. The Death Benefit Fund's Schedule of Contribution Accounts and Estimated Liability for Family Allowances and the Retirement Fund's Schedule of Contribution Accounts and Estimated Liability for Retirement Allowances and Schedule of Revenues by Source and Expenses by Type on pages 57 through 59 (Schedules), are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The Schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
(Unaudited)**

We are pleased to provide this overview and analysis of the financial activities of the City of Los Angeles Department of Water and Power (Department) Employees' Retirement, Disability, and Death Benefit Insurance Plan (Plan) and the Retiree Health Benefits Fund (RHBF) for the years ended June 30, 2012 and 2011. The Retirement Plan and the RHBF are collectively known as the Plan.

**FINANCIAL HIGHLIGHTS**

- The net assets at the close of the fiscal year ending June 30, 2012 were \$7,384,143,876, \$47,634,252, \$24,756,553, and \$1,225,779,869 for the Retirement, Disability, Death Benefit, and Retiree Health Benefits Funds, respectively. All of the nets assets were available to meet the Plan's obligations to Plan participants and their beneficiaries.
- Total net assets increased by \$574,524 or 1.22%, \$2,314,810 or 10.32% and \$51,034,438 or 4.34% for the Disability Fund, Death Benefit Fund, and Retiree Health Benefits Fund, respectively. Total net assets decreased by \$26,193,046 or 0.35% for Retirement Fund.
- As of July 1, 2012 the date of the Retirement Fund's last actuarial valuation, the funding ratio of the fund was approximately 78.14%.
- As of June 30, 2012, the date of the Retiree Health Benefits Fund's latest actuarial valuation, the funding ratio was approximately 79.44%.
- Additions to the Retirement Fund's Plan Net Assets decreased from \$1,546,461,410 to \$393,806,154 over the prior year or approximately 74.54% due mostly to the decrease in the fair value of investments in 2012 over 2011.
- Deductions from Retirement Fund's Plan Net Assets increased from \$402,399,857 to \$419,999,200 over the prior year, or approximately 4.37% due mostly to the cost of living allowance increase granted to pension benefits effective July 2011.
- The assets of the Retiree Health Benefits Fund were invested under the oversight of the Retirement Board. The RHBF assets were up 4.34% from \$1,174,745,431 to \$1,225,779,869.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

The following discussion and analysis is intended to serve as an introduction to the financial statements of the Plan, which are:

1. Statement of Plan Net Assets
2. Statement of Changes in Plan Net Assets
3. Notes to the Financial Statements

*The Statement of Plan Net Assets* is a snapshot of account balances at year end. It indicates the amount of assets available for payment to retirees, beneficiaries, and any current liabilities owed at this time.

*The Statement of Changes in Plan Net Assets* reports additions to and deductions from the plan net assets during the year.

The above statements are on a full accrual basis of accounting. Investment gains and losses are shown at trade date, and account balances are based on market values recognizing both realized and unrealized gains and losses on investments.

*Notes to the Financial Statements* provide additional information essential to a full understanding of the data provided in the financial statements. These notes are presented in pages 27 to 51 of this report.

*Required Supplementary Information:* This report presents certain required supplementary information concerning the Retirement Fund, the Retiree Health Benefits Fund, and the Death Benefit Fund's progress in funding to provide pension, health benefits, and insured life benefits to members. The report also provides summary information on employer contributions. The required Supplementary Information is on pages 52 to 56 of this report.

*Supplementary Information:* The supplementary information is also available in this report for a better understanding of the Plan's financial activities. The supplementary information is on pages 57 to 59 of this report.

**Fiscal year ended June 30, 2012**

Net assets decreased by \$26.2 million, or 0.35% to \$7.4 billion over the prior fiscal year. Investments were down \$366.6 million or 4.45% due mostly to the decrease in investments associated with securities lending activities and the depreciation in the fair value of investments. Receivables were down \$305.8 million or 59.06% from fiscal year 2011 mainly because of a decrease in pending sales at year-end. Liabilities were down \$643.1 million or 47.35% due mostly to a decrease in pending investment purchases at year-end and decrease in liabilities associated with securities lending transactions.

**Fiscal year ended June 30, 2011**

Net assets increased by \$1.1 billion, or 18.26% to \$7.4 billion over the prior fiscal year. Investments were up \$897.9 million, or 12.23% due mostly to the appreciation in the fair value of investments. Receivables were up \$232.1 million or 81.25% from fiscal year 2010 mainly because of an increase in pending trades at year-end.

**Additions to Plan Net Assets**

Additions needed to fund benefit payments are accumulated through contributions from the employees and the employer, and from income generated from the Plan's investing activities.

**Fiscal year ended June 30, 2012**

Member contributions for fiscal year 2012 were \$60.1 million, down \$5.9 million or 8.89% over the prior fiscal year. The decrease in contributions was due primarily to the decrease in number of employees hired by DWP. Department contributions for fiscal year 2012 were \$326.0 million, up \$34.7 million or 11.92% over the prior fiscal year. The main cause of this increase was the 3.37% increase in the actuarial contribution rate of the Department from 38.45% of covered compensation a year ago to 41.82% of covered compensation in fiscal year 2012.

Net investment income amounted to \$7.7 million, down 99.35% from fiscal year 2011. The decrease in net investment income was attributable to the net depreciation in the fair value of investments.

**Fiscal year ended June 30, 2011**

Member contributions for fiscal year 2011 were \$66.0 million, down \$5.3 million or 7.41% over the prior fiscal year. The decrease in contributions was due primarily to the decrease in number of active contributing employees. Department contributions for fiscal year 2011 were \$291.3 million, up \$85.8 million or 41.74% over the prior fiscal year. The main cause of this increase was the 12.33% increase in the actuarial contribution rate of the Department from 26.12% of covered compensation a year ago to 38.45% of covered compensation in fiscal year 2011.

Net investment income amounted to \$1.2 billion, up 76.33% from fiscal year 2010. The increase in net investment income was attributable to the realized earnings from investing activities and net appreciation in the fair value of investments.

**Deductions from Plan Net Assets**

Costs associated with this Plan include benefit payments as designated by the Retirement Plan, refund of contributions due to terminations and member deaths, and administrative costs of operating the Plan.

**Fiscal year ended June 30, 2012**

Deductions for the fiscal year ended June 30, 2012 totaled \$420.0 million, up \$17.6 million or 4.37% over 2011. The increase was mostly due to the cost-of-living adjustments made to pension benefits starting July 2011.

**Fiscal year ended June 30, 2011**

Deductions for the fiscal year ended June 30, 2011 totaled \$402.4 million, up \$18.6 million or 4.85% over 2010. The increase was mostly due to the cost-of-living adjustments made to pension benefits starting July 2010.

**Additions to Plan Net Assets**

Additions needed to fund benefits are accumulated through employer and employee contributions and investment income generated from the fund's investing activities.

**Fiscal year ended June 30, 2012**

Employer contributions for fiscal year 2012 totaled \$13.6 million, up approximately \$1.4 million or 11.39% from a year ago. The increase was due to the increase in the Department's actuarial contribution rate for temporary disability benefits. The Department's actuarial contribution rate for fiscal year 2012 was \$1.43 per \$100.00 of covered compensation, while the rate was \$1.29 per \$100.00 of covered compensation in fiscal year 2011.

*Disability Fund (continued)*

Net investment income totaled \$3.4 million, up 67.83% from fiscal year 2011. The difference is mainly attributed to the appreciation in the fair value of investments during fiscal year 2012.

**Fiscal year ended June 30, 2011**

Contributions for fiscal year 2011 totaled \$12.7 million, down by approximately \$1.0 million or 7.57% from a year ago. The decrease was due to the reduction in the Department's actuarial contribution rate for temporary disability benefits. The Department's actuarial contribution rate for fiscal year 2011 was \$1.29 per \$100.00 of covered compensation, while the rate was \$1.34 per \$100.00 of covered compensation in fiscal year 2010.

Net investment income totaled \$2.0 million, down 52.05% from fiscal year 2010. The difference is mainly attributed to smaller appreciation in the fair value of investments during fiscal year 2011 versus the appreciation in fiscal year 2010.

**Deductions from Plan Net Assets**

The costs associated with this Plan include disability benefit payments and administrative expenses incurred to operate the Plan.

**Fiscal year ended June 30, 2012**

Fiscal year 2012 benefit payments increased \$1.2 million, up 8.16% from a year ago. The increase was attributable to an increase in the temporary disability benefits and industrial disability supplement paid.

**Fiscal year ended June 30, 2011**

Fiscal year 2011 deductions increased \$0.9 million, up 6.23% from a year ago. The increase was attributable to an increase in the temporary disability benefits paid and an increase in the number of members on permanent disability.

**Fiscal year ended June 30, 2012**

The Fund's net assets increased by \$2.3 million or 10.32% when compared with prior year's net assets of \$22.4 million. Correspondingly, investments at June 30, 2012 were up \$2.8 million, or 11.99% against last year. Receivables were down \$0.7 million or 40.09% versus fiscal year 2011. This is mainly because of a decrease in pending investment sales at year end.

**Fiscal year ended June 30, 2011**

The Fund's net assets were slightly higher by \$0.5 million or 2.44% when compared with prior year's net assets of \$21.9 million. Investments at June 30, 2011 were down \$1.2 million, or 5.02% against last year. This is mostly attributable to the increase in net receivables at fiscal year end.

**Fiscal year ended June 30, 2011**

Employer contributions increased \$1.9 million, or 31.63% compared to fiscal year 2010. It is mainly because of the reinstatement of the Department's contribution toward the Insured Life Death Benefit of active employees, as recommended by the actuary. The adopted Department contribution rate for this benefit was \$0.29 per \$100 of covered payroll, effective December 2010.

Net investment income totaled \$1.1 million, down 53.52% from fiscal year 2010. The difference is mainly attributed to smaller appreciation in the fair value of investments during fiscal year 2011 versus the appreciation in fiscal year 2010.

**Deductions from Plan Net Assets**

The costs associated with this Plan include the benefits payments and administrative costs to operate the Plan.

**Fiscal year ended June 30, 2012**

Benefit payments were down \$0.6 million, or 7.65%. The decrease was due to the decrease in the amount of insured life death benefit cases processed this fiscal year as compared with the previous fiscal year.

**Fiscal year ended June 30, 2011**

Deductions were up \$0.6 million, or 7.73%. The increase was due to the increase in the number and amount of insured life death benefit cases processed and paid this fiscal year as compared with the previous fiscal year.

***Retiree Health Benefits Fund***

The DWP Board of Water and Power commissioners approved the creation of the Retiree Health Benefits Fund in September 2006 to defray current and future retiree health benefit liabilities and related costs incurred by the fund. The Retirement Board has the fiduciary responsibility for investing the assets of the Health Fund and administering payments from it, while the DWP Board of Water and Power Commissioners continues to have the responsibility to set the funding policy and the funding levels of the RHBF.

Health Fund assets amounting to \$642.0 million were transferred to the Retirement Plan to establish the fund during fiscal year 2007. As of June 30, 2012 the net assets of the fund totaled \$1.2 billion and these assets included \$37.5 million in Department contributions received in June 2012. A condensed statement of the fund's plan net assets and a condensed statement of changes in plan net assets, is as follow:

**Plan Net Assets**

**Fiscal year ended June 30, 2012**

Total receivables decreased by \$52.5 million or 60.78% mainly because of the decrease in pending investment sales at fiscal year end. Total liabilities decreased by \$121.2 million or 48.88%. This is due to a decrease in pending investment purchases at year-end and decrease in liabilities associated with securities lending transactions.

*Retiree Health Benefits Fund (continued)*

**Fiscal year ended June 30, 2011**

Total assets increased by \$247.5 million or 26.69% mainly because of the net appreciation in the fair value of investments in fiscal year 2011 over 2010 and additional contribution of \$75 million made by the Department towards the year end of 2011.

*Retiree Health Benefits Fund (continued)*

**Fiscal year ended June 30, 2012**

Employer contributions were down \$38.4 million or 27.30% due to a reduction in funding above the Annual Required Contribution in fiscal year 2012. Net investment income declined by \$159.0 million or 92.26%. This is attributed to the net depreciation in fair value of investments.

**Fiscal year ended June 30, 2011**

Total additions were up 26.61% to \$313 million. The increase in 2011 total additions was due mainly to the net appreciation in the value of investments and additional contribution of \$75 million by the Department.

**Deductions from Plan Net Assets**

Deductions represent medical and dental insurance premiums paid for the benefit of retirees and the cost associated with the operation of the fund.

**Fiscal year ended June 30, 2012**

Total deductions in fiscal year 2012 were fairly consistent compared to the prior year.

**Fiscal year ended June 30, 2011**

Insurance premiums paid from the fund for the benefit of retirees increased \$4.9 million or 8.20% in 2011 when compared with 2010.

**NOTE 1 – PLAN DESCRIPTION AND CONTRIBUTION INFORMATION**

The Retirement Board of Administration (Retirement Board) is the administrator of the City of Los Angeles Water and Power Employees' Retirement, Disability, and Death Benefit Insurance Plan (Retirement Plan). The Retirement Plan is comprised of three separate funds – retirement fund, disability fund, and death benefit fund. Also, the Retirement Board has investment oversight of the Retiree Health Benefits Fund (RHBF), and together with the Retirement Plan are collectively known as the Plan. Each fund under the Retirement Plan and the RHBF is considered an independent trust fund of the Department of Water and Power (Department), which is a proprietary department of the City of Los Angeles (City).

The Retirement Plan was established in 1938 and is subject to the provisions of the City Charter and the plan document. The Retirement Plan operates as a single-employer defined benefit plan to provide pension benefits, including death and disability benefits, to eligible Department employees.

In 1986, the Board of Water and Power Commissioners (DWP Board) adopted the Department Health Plans Board Resolution. This resolution established provisions for the health, dental and other medical plans of the Department and its subsidiaries. This resolution is updated annually to approve changes in health plan carriers and subsidy amounts. This resolution and subsequent amendments have created the Department's Postretirement Health Care Benefit Plan (Retiree Health Benefits Plan), a single-employer postemployment healthcare benefit plan. On September 6, 2006, the Retirement Board approved the creation and establishment of the RHBF for the purpose of funding the benefits provided under the Retiree Health Benefits Plan.

\*Includes beneficiaries of the Survivorship account.

Benefit Provisions

*Retirement/Disability Fund*

The retirement fund consists of both defined contribution and defined benefit elements. The members vest in the defined contribution element (annuity) after one year of service. Members vest in the defined benefit element (pension) only after qualifying for retirement and meeting the criteria for the formula pension. Generally, new and returning employees of the Department become eligible for Plan membership on the first day of the payroll period following entry into Department service. New eligible employees must complete 26 weeks of continuous service before becoming entitled to disability and/or death benefits. The right to death benefits is effective upon an employees' date for membership. Qualification for disability benefits occurs one day after an employee's effective membership date and payment of premium.

Members are eligible for normal retirement at age 60 with at least five years of service. Early retirement at age 55 is generally available if the member has been with the Department for 10 of the last 12 years before retirement. Members with 30 or more years may retire at age 50 and receive unreduced benefits within a certain limited period (this option expired on October 31, 2005). Upon qualifying for retirement, members will also qualify for a formula pension if they

have been employed by the Department for at least five years before retirement and have been a contributing member of the Plan for at least four of five years immediately preceding retirement or while eligible to retire (or during any of those four years if they were receiving either disability benefits under the Plan or payments under any Workers' Compensation Law). Eligible members are entitled to an annual retirement benefit, payable monthly for life currently in an amount equal to a retirement factor of 2.1% of their highest average salary, for each year of credited service. Members who have at least 30 years of service credit and are at least 55 years of age (and represented by a bargaining unit that has negotiated this benefit) are entitled to a retirement factor of 2.3% in the calculation of their retirement allowance. "Highest average salary" is defined as the employee's average salary, excluding overtime, over the highest 26 consecutive payroll periods.

*Death Benefit Fund*

The Death Benefit Fund consists of the Insured Lives Death Benefit (IDB), Family Death Benefit (FDB), and Supplemental Family Death Benefit (SFDB).

- **Insured Lives Death Benefit**

For contributing active members, death benefit coverage begins after completion of 26 weeks of continuous Department service. If the death occurs while an active member of the Plan, the benefit includes a single lump sum distribution equal to fourteen times the member's monthly salary, and the retirement fund contributions plus accrued interest, payable to the beneficiary.

For retired members, the benefits include a single lump sum distribution equal to fourteen times the member's full retirement allowance not to exceed \$20,000, plus any unpaid retirement allowances due, and the unused portion of the retirement fund contributions upon death (if elected at retirement) payable to the beneficiary.

- **Family Death Benefit**

Coverage begins after completion of 26 weeks of continuous Department service. The Plan provides a monthly FDB allowance of \$416 to each qualified surviving child plus \$416 to the spouse, if the spouse has the care of one or more of the member's eligible children. The maximum monthly FDB allowance cannot exceed \$1,170.

**NOTE 1 – PLAN DESCRIPTION AND CONTRIBUTION INFORMATION (Continued)**

- Supplemental Family Death Benefit

The SFDB program supplements the FDB. Coverage begins after enrollment and payment of premiums for 39 consecutive biweekly payroll deductions. The Plan provides for an additional monthly SFDB allowance of \$520 to each qualified surviving child plus \$520 to the spouse, if the spouse has the care of one or more of the member's eligible children. The maximum SFDB allowance cannot exceed \$1,066.

Contributions

*Retirement/Disability Fund*

Covered employees are required to contribute 6% of their annual covered payroll upon becoming a Plan member on or after June 1, 1984. Employees entering the Plan before June 1, 1984 contribute an amount based upon an entry-age percentage rate. If an employee leaves or dies while employed, employee contribution plus credited interest is refundable. After one year of membership, the employee may leave his or her contribution on account with the Plan along with the Department's matching contributions and receive a money purchase allowance at retirement age. A surviving spouse of an employee who dies while eligible to retire or with at least 25 years of service may elect to receive a monthly allowance from the Retirement Fund for life rather than a refund of the employee's contributions and interest.

The Department contributes \$1.10 for each \$1.00 contributed by members, plus an actuarially determined percentage of covered payroll. Contribution provisions are established and amended by the Retirement Board upon the advice of the Plan actuary. Plan benefits are funded by earnings from investments and by contributions from the Department and members.

Each bi-weekly payroll period, eligible members contribute \$1.00 each for Temporary Disability and Permanent Total Disability.

*Death Benefit Fund*

- Insured Lives Death Benefit

Contributing active members contribute \$1.00 per bi-weekly payroll period. The Department contribution for the IDB for contributing active members was \$0.25 and \$0.29 per \$100 of payroll for fiscal years 2012 and 2011, respectively. In addition, the Department currently contributes to the IDB for non-contributing members at \$1.44 and \$1.48 per \$100 of retirement benefits paid for fiscal years 2012 and 2011, respectively.

The Department contributions have been suspended since July 1, 1993. The Department contributions will continue to be suspended as recommended by the Plan's actuary.

- Supplemental Family Death Benefit

Active members contribute \$2.25 per bi-weekly payroll period, and retired members contribute \$4.90 per month. Member contributions plus earnings from investments are intended to cover the cost of the benefits.

**Retiree Health Benefits Plan**

Membership

The Retiree Health Benefits Plan's membership consisted of the following at June 30, 2012 and 2011:

	2012	2011
Current retirees and beneficiaries	7,485	7,702
Current active members	8,855	9,056
Total	16,340	16,758

Benefit Provisions

Retired members of the Plan are eligible to receive a medical and dental subsidy based on their age and years of service at retirement. The retirees pay any health and dental plan premiums in excess of Department subsidy limits that they are eligible for.

Contributions

The DWP Board establishes the funding policy and funding levels of the RHBF. The Department retains the responsibility and obligation to fund the RHBF to the extent necessary and appropriate as recommended by the Department's actuary, based on funding parameters set by the Department on advice of the actuary. During fiscal years 2012 and 2011, the Department contributed \$102.3 million and \$140.7 million, respectively, to fund current and future retiree health benefits liabilities and related costs.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting and Reporting

The Plan follows the accounting principles and reporting guidelines as set forth by the Governmental Accounting Standards Board (GASB) Statement Nos. 25 and 50 for Retirement Fund and the Insured Lives portion of the Death Benefit Fund, and GASB Statement No. 43 for the RHBF. The financial statements are prepared using the accrual basis of accounting and reflect the overall financial operations of the Plan. Members' and Department's contributions are recognized as revenues in the period in which the employee services are performed and when due, and benefits and refunds are recognized when due and payable in accordance with the terms of each benefit fund.

Other expenses are recognized when incurred. The net appreciation (depreciation) in fair value of investments held by the Plan is recorded as an increase (decrease) to investment income based on the valuation of investments.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Investments

The Plan's investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. The fair value of securities is determined by the published market prices and quotations from major investment dealers. Securities traded on a national or international exchange are valued at the last reported sales price at current currency exchange rates in effect. Mortgages are valued on the basis of future principal and interest payments, and are discounted at prevailing interest rates for similar investments. Hedge funds are initially recorded at cost and subsequently valued at fair value, and these are reported as "Alternative Investments" on the statement of plan net assets. The Plan has investments in commingled real estate funds in which real property is its primary underlying investment. These are reported as "Real Estate" at fair value on the statement of plan net assets. Fair values of real estate investments are estimated by fund managers based upon property appraisal reports both internally and externally. Purchases and sales of securities are recorded on a trade-date basis. Unsettled investment trades as of year end are reported in the financial statements as receivable for pending sales or payable for pending purchases.

Cash

Cash consists primarily of cash on deposits in the City Treasury under the City's general and special investment pool program.

Derivatives

To the extent permitted by policy and individual agreements, investment managers are authorized to use derivatives for risk management purposes. Accordingly, derivatives held are not held for trading purposes. Derivative securities are instruments whose value is derived from an underlying security or index. They include options, futures, swaps, forwards, structured notes, and stripped securities. These instruments offer unique characteristics and risks that assist the investment managers with meeting their investment strategies.

Use of Estimates

The preparation financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain financial statement amounts and disclosures. Actual results could differ from those estimates.

Reclassifications

Certain 2011 amounts have been reclassified to conform to the 2012 financial statements presentation.

**NOTE 3 – CASH, INVESTMENTS AND SECURITIES LENDING**

Investment authority is granted to the Plan by the Charter of the City of Los Angeles and is exercised in accordance with the Retirement Board's investment policy. The Charter authorizes the form and type of investment vehicles that may be purchased. The Retirement Board may invest in common and preferred stocks (including both domestic and international equities), convertible debt, fixed income, alternative investments, and real estate; and it may utilize stock covered call options and securities lending.

Cash

As of June 30, 2012 and 2011, the Plan's cash balances consist primarily of cash deposits in the City Treasury. The Plan's participation in the program is less than 1% at June 30, 2012 and 2011. The cash balance in the Retiree Health Benefit Fund is in the City's general investment pool program for the purpose of maximizing interest earnings through pooled investment activities. Interest earned on such pooled investments is allocated to the participating funds based on each fund's average daily cash balance during the allocation period.

Credit Risk

The Plan's investment policy is to apply the "prudent person" standards. Investments are made with care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims. The Plan's investment policy has been designed to produce the most favorable long-term total portfolio return consistent with reasonable levels of risks. Prudent risk-taking is warranted within the context of overall portfolio diversification.

According to the Plan's investment policy for fixed income, the Plan can invest in both investment grade and high yield fixed income securities. Investment grade fixed income securities that are rated by Moody's, Standard & Poor's, and Fitch, should have a minimum rating of BBB- or Baa3 by two or more rating agencies. Investment managers for investment grade fixed income securities will notify Plan management of subsequent declines in ratings and

Custodial Credit Risks

For deposits, custodial credit risk is the risk that in the event of a bank failure, the Plan's deposits may not be returned. As of June 30, 2012 and 2011, the Plan's cash balances consist primarily of cash deposits in the City Treasury.

Collateral received in securities lending transactions are cash collateral and marketable securities. See Note 4 for further disclosure on securities lending transactions.

Concentration of Credit Risk

According to the Plan's investment policy, no more than 5% of investments shall be invested in any one issue, except for investment in the fixed income asset class where no more than 10% of investment shall be invested in any one issue. United States Treasury or United States Agency issues are exempted from this limitation. As of June 30, 2012 and 2011, there were no investments holdings of more than 5% in any one issue of each fund's net assets or in the Plan aggregate, except investments issued or guaranteed by the U.S. Government and investments in commingled funds.

**NOTE 4 – SECURITIES LENDING PROGRAM**

The Plan is authorized by the Charter of the City of Los Angeles and the Retirement Board's investment policy to lend its investment securities to various brokers, without limit. The lending is managed by the Plan's custodial bank. The Plan or the borrowers can terminate the contract with advance notice. The lending arrangements are collateralized by cash and marketable securities (guaranteed by the full faith and credit of the U.S. Government) at (i) 102% with respect to U.S. Securities; (ii) 105% with respect to foreign securities; or (iii) a percentage mutually agreed of the underlying securities' market value. These arrangements provide for the return of the investments and a share of the interest earned on the collateral. The securities on loan to brokers remain the property of the Plan and continue to be included in their respective accounts on the Statement of Plan Net Assets. As of June 30, 2012 and 2011, the Plan has no credit risk exposure because the value of the collateral received exceeded the value of the securities on loan. Related borrower or lending agent default losses were recognized in the financial statements.

The Plan's custodian is the authorized agent to handle the Plan's securities lending activity. The Plan's custodian may invest the cash collateral received in connection with securities on loan in investments permitted by the Plan. The Plan bears sole risk of all losses of the invested collateral, including losses incurred in the event of liquidation of the permitted investments. The custodian bank is responsible for the return of loaned securities from borrowers. The Plan does not have the ability to pledge or sell collateral assets unless the borrower is in default of its obligation. In lending domestic securities, cash collateral is invested in the lending agent's short-term investment pool, which has an average maturity of 34 days and 32 days as of June 30, 2012 and 2011, respectively.

The fair values of the underlying securities on loan, collateralized by cash and securities as of June 30, 2012 and 2011 are:

**NOTE 5 – FUNDED STATUS AND FUNDING PROGRESS**

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

The schedules of funding progress, presented as required supplementary information following the notes to the financial statements, present multiyear trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

**Retirement Fund**

The Plan engages an independent actuarial firm to conduct annual actuarial valuations to monitor the Plan's funding status for the retirement fund.

The annual valuation performed as of June 30, 2012 and 2011 determined the funding status to be 78.14% and 80.29%, respectively.

The funded status of the retirement fund as of June 30, 2012, the most recent actuarial valuation date, is as follows:

Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) - Entry Age (b)	Unfunded AAL (UAAL) (b) - (a)	Funded Ratio (a)/(b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll [(b)-(a)]/(c)

Retiree Health Benefits Fund (RHBF)

The DWP Board of Water and Power Commissioners approved the creation of the RHBF to account for assets placed in an irrevocable trust for the provision of other post employment benefits (OPEB), in September 2006. The ARC of \$53.7 million and \$68.7 million for fiscal years 2011-12 and 2010-11 were determined by the actuarial valuation of OPEB as of June 30, 2011 and 2010, respectively. The Department contribution, excluding administrative expenses reimbursement, during the fiscal years 2011-12 and 2010-11, amounted to \$101.7 million and \$140.1 million, respectively. The June 30, 2012 actuarial valuation determines the annual required contribution (ARC) for the fiscal year 2012-13 to be \$49.5 million.

The funded status of the RHBF as of June 30, 2012, the most recent actuarial valuation date, is as follows:

Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) - Entry Age (b)	Unfunded AAL (UAAL) (b) - (a)	Funded Ratio (a)/(b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll [(b)-(a)]/(c)
\$ 1,244,039,107	\$ 1,566,059,276	\$ 322,020,169	79.44%	\$ 886,539,366	36.32%

The Patient Protection and Affordable Care Act (Act) was signed into law in March 2010. One key provision of the legislation is the assessment of a 40% excise tax on the cost of health plans for plans that exceed certain threshold. The impact of this potential excise tax imposed by the Act was reflected in the June 30, 2012 and 2011 actuarial valuations. The thresholds in 2018 for non-Medicare retirees aged 55 through 64 are \$11,850 for single coverage and \$30,950 for family coverage. For all other retirees the thresholds in 2018 are \$10,200 for single coverage and \$27,500 for family coverage. Thresholds in 2019 are indexed and for the purpose of this valuation, they are assumed to increase by 4.5% over those in 2018. After 2019, the thresholds are assumed to increase by 3.5% (assumed CPI inflation) per year. Also in this valuation, the allocation of excise tax to the RHBF and retirees was approximately at 96% and 4%, respectively, based on the proportion of the health care cost expected to be paid by each party. The allocation is subject to future change based on composition of participant data. The Department's share of the projected excise tax increased the ARC by about 0.15% of payroll. The increase in the UAAL is approximately \$14.4 million and the decrease in the funded ratio attributable to the excise tax liability is approximately 1.2%. The impact of the excise tax in this valuation was lower than in the prior valuation because the projected subsidy levels dropped from those in the prior valuation.

**NOTE 6 – ACTUARIAL VALUATION – DISABILITY AND DEATH BENEFIT FUNDS**

Actuarial studies are performed annually on the disability and death benefit funds to determine and recommend the appropriate contribution rates and the benefit reserves levels needed to fund the current and future benefit liabilities. The results of the most recent annual actuarial reviews (fiscal years ended June 30, 2011 and June 30, 2010) for the Death and Disability Funds found that both Funds' accumulated reserves had met the recommended reserve levels. The actuarial recommendations for the contribution rates, reserve levels, and general reserve transfers were approved by the Retirement Board.

Disability fund

For the Permanent Total Disability Fund, the Department's contribution rate remains at \$0 per \$100 of covered payroll. As for the Temporary Disability Fund, the Department's contribution rate was increased from \$1.29 per \$100 of covered payroll to \$1.43 of covered payroll. The rate change was approved by the Board in January 2012 and it was implemented the same month.

Death benefit fund

For fiscal year 2012, the Department's contribution rate for contributing active members' Insured Life Death Benefit decreased from \$0.29 to \$0.25 per \$100 of payroll. Furthermore, the Department's contribution rate for non-contributing members' Insured Life Death Benefit was lowered from \$1.48 to \$1.44 per \$100 of monthly retired payroll. The rate change was approved by the Board in January 2012 and it was implemented the same month.

**NOTE 7 – RESERVES AND DESIGNATED BALANCES**

Reserve accounts are established to cover all deferred liabilities as they accrue. Reserves are established from members' and Department contributions and the accumulation of investment income after satisfying investment and administrative expenses. The Plan has four major classes of reserves and designated accounts.

Member contribution accounts represent the balance of member contributions. Additions include member contributions and interest. Deductions include refunds of member contributions and transfers to the reserve for retirement allowances, the reserve for death benefit and the members' account at the City Employees' Retirement System under the Plan's reciprocity provision.

Department contribution accounts represent the balance of department contributions for future retirement payments to current active members. Additions include contributions from the Department and related earnings. Deductions include transfers to the reserve for retirement allowances and reserve for death benefit.

Estimated benefit liabilities reserves represent the balance of transfers from member contribution and/or Department contribution accounts and related earnings less payments to retired members, members on disability and beneficiaries.

General reserves represent reserves accumulated for future earnings deficiencies, investment losses and other contingencies. Additions include investment income and other revenue. Deductions include investment expense, interest allocated to member and department contribution accounts, and interest allocated to the estimated benefits liabilities reserves accounts.

**NOTE 8 – PLAN AMENDMENTS**

The Plan is periodically amended to meet changes in economic conditions and sound business practices. The following is a summary of the more significant Plan amendments approved during the fiscal years ended June 30, 2012 and 2011:

Fiscal year ended June 30, 2012

There were no significant Plan amendments for the fiscal year ended June 30, 2012.

Fiscal year ended June 30, 2011

The Retirement Board approved a plan amendment on April 13, 2011 to reflect a current "Regular Interest" of 7.75%.

**NOTE 9 – RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets. Department's contributions and actuarial valuations are reported based on certain assumptions pertaining to interest rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements
