March 1, 2007

Volume No. 3-2007

News from the Board of Administration:

Cost of Living Adjustment

At its February 7, 2007 meeting, the Board approved a 3.0% Cost of Living Adjustment (COLA), the maximum allowed by the Plan's provisions for retirees and other eligible recipients of Plan benefits effective July 1, 2007. All recipients of monthly allowances will receive an individual notice defining their monthly dollar increase and their new monthly allowance.

COLAs are based on the Consumer Price Index (CPI). The increase in the CPI used to determine the COLA adjustment for July 1, 2007 was 4.3%. CPI increases in excess of the maximum allowable (1.3% this year) will be added to each eligible person's COLA bank and may be used to augment COLAs in future years when the CPI is less than 3%.

Retiree Health Benefit Fund

As previously reported, investment of the Retiree Health Benefit Fund (RHBF) is now under the oversight of the Board of Administration. The transfer of approximately \$520 million in assets was completed in early January. The funds are currently invested with domestic equity and fixed income Investment Managers.

At the meeting of February 21, 2007, the Board considered and approved the investment policies and guidelines for the RHBF as recommended by the Plan's consultant, Pension Consulting Alliance (PCA). The Board's long-term goal is to utilize an investment manager structure that is equivalent to that of the Water and Power Employees' Retirement Plan investment portfolio.

News from the Retired Employees' Association:

We anticipate having the DWP General Manager, Ronald Deaton, speak to our group at the next retiree meeting on Saturday, April 14, at 1:00 PM in the John Ferraro Building Auditorium. Please plan to attend the informative meeting.
