

WATER AND POWER EMPLOYEES' RETIREMENT PLAN

Retirement Plan Office Lunch and Learn

Date: January 10, 2024

Having a hard time requesting a one-on-one appointment with counselors, who are focused on retirement applications? Want to hear general questions and answers regarding retirement, death or disability benefits? Receiving information from your co-worker, but you want to check the source? Then please come join the Retirement Plan Office for our pilot monthly lunch and learn.

The Water and Power Employees' Retirement Plan is a truly unique pension system with benefits that are vastly different from other systems. If you want to learn more about this valuable benefit that you have as an employee of the department and member of the retirement system, then join us for a lunch webinar. We will show you how to run an estimate on our calculator. Answer general questions about benefits. Provide information on changes to the Plan that may impact you.

The first webinar is scheduled for January 25, 2024 at 11:30 am to 12:30 pm. The following ones have been scheduled for February 21 and March 19. Thereafter, we may discontinue or continue the webinars based on your interest.

The focus of the first webinar will be the assumption changes that will become effective July 1, 2024. If you haven't heard about the changes, please find an article in our Winter 2023/2024 Newsletter posted on our website and distributed via DWP Announcements on December 20, 2023.
